25X1

MEMORANDUM FOR: Deputy for Field Activities, OSA

SUBJECT: Monthly Commander's Activity Report -
 February 1964 -

25X1A

This memorandum is in two parts. Part I contains OXCART Division's comments on the complete report. Part II contains recommended final answer to specific items/problems to OXCART areas of responsibility.

PART I:

1. Ref Tab 1: Noted.
2. Ref Tab 2, paragraph 2, Support Aircraft Maintenance:

We note an increase in F-101 sorties and flying hours (approximately 15 sorties and 15 flying hours). This month's figures equate to 25 flying hours/aircraft.

3. Ref Tab 3:

- a. Ref paragraphs 1. b. and 1. c. - Personnel:

These items have been discussed with Personnel Branch of Support Division and they will provide answers.

Personnel Branch reports that two Administrative Clerks, AFSC 702X0, are enroute with reporting date in mid May. This should alleviate clerical problem in Operations.

- b. Ref paragraph 3. b. - F-101 Activity:

Note that 39 sorties or 25% of the total were used for chase. Not a bad ratio.

12/OSA # 2

This document contains information
 referring to Project **OXCART**

c. Ref paragraph 3. c. - Air Refueling:

Suggest [] break down and categorize the A-12 Air Refueling losses as follows:

Maintenance	10
Weather	10
Tanker Problems	0
Fuel Problems	<u>3</u>
Total Losses	23
Total Scheduled	34
Total Accomplished	11

d. Ref paragraph 3. c. (2):

Note [] quick reaction to save refueling by substituting F-101 to replace the aborting A-12.

This excellent utilization saved 8 air refuelings that otherwise would have been lost.

e. Ref paragraph 5. a. (1) - Flight Planning Section:

This item noted and means both [] and [] are considered fully qualified.

f. Ref paragraph 5. a. (5):

[] to discuss Headquarters position on map destruct systems during his staff visit [] 19 - 20 March 64.

Based on outcome of discussions between [] Operations and [], we will forward message stating Headquarters' position on this subject.

g. Ref paragraph 5. b. - Physiological Support:

All items noted and coordinated with Major [] D/TECH.

The modified chute, face heat problem, spurs, ear phones, etc., will be on agenda for discussion during [] visit [] on 24 March 64.
